SALOM'S
MERCANTILE COLLEGE!
A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction to Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

MILWAUKEE:
Friday Morning, April 10.

Re-Election of Judge Whiton.

The returns which we received yesterday, leave no doubt of the re-election of Judge WHITON as Chief Justice of the Supreme Court, by a majority of at least 10,000, in a poll of votes about one fourth less than that of last fall. Wisconsin is true to the cause of Freedom.

The Late Charter Election.

While we are gratified at the general result of the late charter election, in the rebuke given to corrupt partizan leaders, and to caucus dictation and management, and particularly pleased that the people have placed in office quite a number of excellent men, who will serve their interests faithfully, we do not feel at all disposed to claim anywhere a party triumph. We understand very well that the overturn of the "regular democracy" is the work of the Germans, (led by those, democrats themselves, in whom they had confidence,) because they felt that the superior tactics and sharp practice of the opposing faction was too much for them in Convention. Outmanaged at the caucuses and at the Court House, they felt that they could outvote their opponents at the polls—and they have done it.

The result is encouraging to us, as members of the party which stands on record in the past, and expresses its determination for the future, in resistance of Federal usurpation, and of Slavery extension—in this respect—that it gives reason to hope that when our German friends once begin to think and act for themselves, and to cease being led by the falsely assumed name and the false lights of "democracy," they will soon range themselves on the right side of the great issue of the day. They have shown a noble independence of party ties and partizan appeals in the late contest, and gone with remarkable unanimity to their main object. It is the German vote, composed very largely of laboring men, which has in two hotly contested battles given in Chicago a large Republican majority. It is the German vote which, in St. Louis, the metropolis of the very State which has furnished the Border Ruffians for the foray into Kansas, has swept away at once false democracy and Know-Nothingism, and elected a worthy mechanic to the Mayorality, on a bold Free Labor platform, and chosen the whole city ticket of the same way of thinking.

If the German voters of this City and State once examine the claims upon them of this Sham Democratic party whose dictates they have followed so long, they will follow no longer, but will put forth their strength for that party which proposes, if possible, to keep open the rich lands of our new territories to the settlement of the free laborers who come from the Old World to build themselves homes among us. There is nothing in the past history of their Fatherland, which ought to make them the upholders of Slavery in *this* land.

We take fresh courage and hope, then, from the results of our Charter and Judicial election.

The County Judgeship.

BYRON PAINE is elected County Judge, for the full, as well as for the unexpired term, by a majority of some 2500, over JOHN L. DORAN, the regular Democratic nominee. This is a flattering compliment to Mr. PAINE, but one that he has fairly earned. When Mr. PAINE was appointed last fall, by Gov. BASHFORD, to fill the vacancy occasioned by Judge JENKINS' resignation, sundry of the Sham Democratic organs excepted to this selection. The Oshkosh *Courier*, among them, said:—

"Mr. Paine is a venomous Abolitionist of the "Booth and Garrison head. *Not one-quarter* of "the People of Milwaukee would ratify the appointment if submitted to them."

On Tuesday last, this appointment *was* "submitted" to the People of Milwaukee, and they "ratified" it by 2500 majority. Will the Oshkosh *Courier* make a note of it?

Full Vote of our City.

Adding the returns from the Eighth Ward to the votes of the other Wards, previously given, the aggregate for the several candidates (other than those who are on both tickets,) stands as follows:

For Chief Justice—Edward V. Whiton, 1828; M. M. Cothren, 3834.

For County Judge—Byron Paine, 3989; J. L. Doran, 1647.

Controller—E. L. H. Gardiner, 3109; R. Whitehead, 2519.

Attorney—E. Foote, 3383; W. Graham, 2314.

Marshal—C. C. Meyer 3862; T. O'Brien, 1702.

The aggregate vote of our City, on Tuesday, was about 5700. Last fall there were about 7700 votes cast, of which Mr. BUCHANAN had 5495, and Col. FREMONT 2208—Democratic majority, 3287. Now, COTHREN's majority over WHITON is only 2011—an improvement of 1276 on last fall's vote.

Milwaukee & Mississippi R. R.—Earnings for March.

The earnings for the month of March, just passed, compare as follows with those of the same month last year:

	1857.	1856
Freight	$20,019,64	$14,095,38
Passengers	19,087,28	15,250,18
Total	$40,156,92	$30,563,96

Increase this year, $9,592,96

The receipts for the first three months of this year, compare with the like period of last year as follows:

1857	$102,089,13
1856	95,634,62
Increase this year	$6,404,51

Considering the fact that the running of the trains on this road, in common with many others of the West, was hindered by ice on the track for a great part of the winter, the showing is a good one. The business increases rapidly as Spring opens, and with the completion of the track to Prairie du Chien, and the running of the regular passenger and freight trains to the Missisippi river, which will commence next week, the receipts will soon be very large.

Our pioneer railroad is on the eve of its harvest, and those who have worked through years of difficulty and anxiety will now reap a rich reward. The benefits to our city from the completion of this road to the Mississippi will be immediate and very great.

The Vote on Chief Justice.

The figures for this county are as follows, as far as ascertained:

	WHITON.	COTHREN.
City,	1823	3956

Oak Creek,	45	244

The Vote on County Judge.

So far as we have the returns, the figures show as follows:

Wauwatosa,	242 maj.

CREDIT TO WHOM CREDIT.—The letter from a Minnesota farmer, giving the details of a conversation with Gov. Geary, which we published the other day, should have been credited to the Chicago *Tribune* instead of the Detroit *Tribune*.

Comparative Vote of this City.

The vote of this city, for a series of years at the charter election, has been as follows. The rapid growth of the city of late is shown by the increase this year over last;

Years.	*Vote.*
	4100
1854	3951
1855	4112
1856	5797
1857	

The vote at this last election was generally light.

Returns from the County Towns.

Oak Creek—Natham Howes elected Chairman of Supervisors: Whiton 55, Cothren 244; Paine 17; Smith 35, Doran 202.

Greenfield—P. Walsh elected Chairman of Supervisors, P. O'Neil Town Clerk, Wm. Dives Treasurer, J. Cooper Town Superintendent; Whiton 46, Cothren 209.
Paine 50, Doran 205.

Granville—S. C. Enos, Ch'n of Supervisors, P. Dougherty Town Clerk, J. Haley, town Superintendent.
Whiton 107, Cothren 238.
Doran 150 maj.

Milwaukee—Charles Hauf, Chairman of Supervisors, A. W. Butler Clerk. Paine 300 maj.

JANESVILLE CITY ELECTION.—The *News*, grateful about these days for very small favors, makes haste to claim the election of A. HYATT SMITH, Mayor of Janesville, as a Democratic triumph. It was nothing of the kind. Mr. Smith was nominated and supported on a People's ticket, and the *Standard* expressly deprecated all party appeals, or issues in the contest. The election of BYRON PAINE as County Judge of Milwaukee, by 2000 majority, is just as much a Republican triumph, as the election of A. H. SMITH, as Mayor of Janesville, is a Democratic one.

ROCK COUNTY.—The "Banner County" maintains her high character. In the towns heard from the vote for Chief Justice stands thus:

	Whiton.	*Cothren.*
Janesville City	770	448
Beloit City	250 maj.	—
La Prairie	72	2
Rock	118	6
Milton	207	41
Harmony	117	2
Janesville Town	69 maj.	—

WHITON, 1109 ahead in seven towns. At this rate old Rock must have given him 2500 majority.

RACINE COUNTY.—The Racine papers bring us the following figures, for Chief Justice:

	Whiton.	Cothren.
Racine city	762	537
" town	122	113
Mount Pleasant	116	14
Caledonia	106	124
Norway	95	20
Raymond	123 m	
	1324	808

Whiton 516 ahead. The county will probably give him 750 majority.

DANE COUNTY.—The Madison paper, brings us the following figures:

	WHITON.	COTHREN.
Madison City,	—	47 m.
" Town,	102	47
Dunkirk,	143	103
Vienna,	46	2
Verona,	62	26
Pleasant Spring,	81	0
Springfield,	40	101
Middletown,	—	15 m.
Cottage Grove,	—	24 m.
Black Earth,	60 m.	—
Dunn,	50 m.	—
Oregon,	130	19
Fitchburg,	—	8
	714	392

Whiton 322 ahead.

VOTE OF OSHKOSH.—The following is the vote of Oshkosh on City Officers:

	Republican.		*Democratic.*	
Mayor,	Follett	460	Jackson	496
City Clerk,	Forbes	474	Luscher	484
Treasurer,	Reed	548	Navett	403
Superintend't,	Edmonds	468	Corivaugh	458
Marshal,	La Dow	569	Moody	391

The Republicans carry three of the five City Offices, and a majority of three in the Common Council. The *Democrat*, which brings the above vote, does not say a word about the Judicial Election.

VOTE OF JANESVILLE CITY.—The full vote of Janesville stands thus:

Mayor,	A. H. Smith	730	J. Sutherland	500
Clerk,	F. Barrere	662	J. W. D. Parker	486
Treasurer,	A. K. Alden	567	I. Justin, Jr.	687
S. Com'r,	J. W. Allen	486	E. Harper	628

On Judges, the vote stood, WHITON 770, Cothren 448—WHITON's majority 327. A. P. PRICHARD (Rep.) for County Judge, had no opposition.

COLUMBIA COUNTY.—Portage City elects JOHN P. MCGREGOR, a good man and true, Mayor by 27 majority over Andrew Dunn. Cothren has 117 majority. The County is reported at from 1200 to 1500 majority for Whiton.

FOND DU LAC COUNTY.—Fond du Lac City and six adjacent towns, give FLINT (Rep.) 300 majority for County Judge, and WHITON about the same for Chief Justice.

DODGE COUNTY.—The few scattering returns from Dodge County indicate a majority of seven or eight hundred for Chief Justice WHITON.

RICHLAND COUNTY.—Richland City gives 50 majority for Whiton and Orion 30 for Cothren.

Correspondence of the Sentinel.
MACKFORD, April 8, 1857.

MESSRS. EDITORS:—Taking for granted that the result of the election would be of importance to you, and the Republican party generally, I herewith give you the result of two towns just received, and we can safely say that the county of Marquette will "back up" in the same ratio. In Mackford the vote stood as follows:

For Chief Justice—Edward V. Whiton, 173; Cothren 25.

For County Judge—Benham 144; Wheeler 53.

For Sheriff—Carhart 140; Kingsbury 53.

TOWN OF GREEN LAKE.

Whiton	126	Cothren	28
Benham,	116	Wheeler,	39
Carhart,	116	Kingsbury,	39

By the above you will see that the Republican party is not much on the decline.

Yours, Respectfully, J. E. M.

RAILROAD VOTE.—The City of Fond du Lac, by an almost unanimous vote (only 24 noes,) has decided to issue City Bonds to the amount of $200,000 in aid of the Air Line R. R. between that point and Milwaukee. A similar proposition to aid the Sheboygan R. R. was defeated by about 120 majority.

The La Crosse and Milwaukee R. R.

At the time of the appearance of the fifth annual report of the La Crosse and Milwaukee Railroad Company, we presented to our readers a summary of its contents, together with some extracts from it. The great importance, however, of this stupendous work to this city, to the whole state, especially the North western part of it, and that section through which it runs, as well also as to Minnesota, to which it is to furnish their great avenues to market, demand a somewhat more extended notice of it.

This road has at its eastern or south eastern end, three lines, or divisions—one called the Eastern Division, extending from Milwaukee, by way of Horicon, to Portage City, 95 miles; another called the Watertown Division, from the Junction of the Milwaukee & Mississippi R. R. (14 miles from Milwaukee) via Watertown and Columbus to Portage City, 82 miles; the third called the Portage Division, from Madison to Portage City, 40 miles. These three Divisions, embracing some 217 miles of road, all concentrate at or near Portage City, from which point the Western Division extends to La Crosse, a distance of 100 Miles. The North Western Division will extend from Portage City, or from some point west of there on the Western Division to the St. Croix River or Lake. The route of the North Western Division is not yet determined upon, but will be fixed at as early a day, as the surveys which are now being made will enable the Directors to decide upon the most feasible route; but its length probably will not vary much from 220 miles. The whole length of road when all the divisions are completed, will therefore be about 535 miles—the longest road in the United States owned by one Company except the Illinois Central and the N. Y. Central.

Two years ago, the company had but eight miles of track laid, one locomotive and 20 platform cars, and its unexpended means, after deducting its floating debt, was less than $250,000. It now has the entire eastern division of 95 miles in successful and profitable operation, and 60 miles of the Watertown Division, making between ¼ and ⅕ of its entire chain of roads already finished. It has also in use 28 Locomotives, 22 Passenger and baggage cars, 381 freight cars and 60 gravel cars.

The completion of the unfinished portion of these roads, is no longer a problem, but it is reduced to a simple question of time, and that question depending for its solution only upon another—in what way can men and money be employed to the best advantage? The financial policy of the Company is fully developed in the report. It is to raise the means for the construction of the Road by an issue of bonds adequate for the purpose, secured by a mortgage upon the roads and the lands granted to the Company to aid in their construction. The security is about two dollars and a half to one. Only two million and a half dollars of these bonds have been offered for sale; the offer of them was confined to stockholders, by whom they have all been readily taken, and no doubt is felt by the Directors that the remainder of the issue will be readily disposed of at about par.

Being now in a strong position and under no embarassment, the Directors have placed under contract *all* of those portions of their roads, the general route of which had been determined upon, embracing the Western and Portage divisions and the unfinished portion of the Watertown division, making, in all, about 170 miles of road which is under contract, *the whole to be completed by a year from next Fall.* The Company have contracted for the delivery, at Milwaukee, during the present season, of iron enough to lay 110 miles of track, and have made such arrangements that the balance of the rails requisite to complete all the work under contract, can be delivered as early next season as it will be required for use. The contractors to whom this work has been let are well and favorably known. Mr. Chamberlain enjoys a reputation for energy and perseverance in the construction of Railroads which he has well earned by years of laborious service in different portions of the United States, which places him deservedly at the head of his profession; and the large force he has already employed on the line gives assurance that his contract will be completed well to its letter. Everything indicates, with as much certainty as can exist with reference to anything in the future depending upon human agency for its accomplishment, that the Eastern, the Western, the Watertown and the Portage Division of these roads, being, as already stated, about 315 miles, will be in operation a year from next fall.

With reference to the North-western Division—the determination of its location is a matter of the greatest importance, and one that ought not to be finally acted upon, as we are sure it will not be, until the directors are in full possession of all the facts, which the most thorough explorations and surveys can give in reference to the topography of the country, so that the merits of the different routes, involving distance, grades, curves, cost, time of completion, and every other element of feasibility, can be well understood and appropriated. Upon that subject however, we take it for granted that whatever route shall be adopted, it will terminate at such a point on the St. Croix River or Lake, as will insure a feasible and favorable connection with the land grant roads of Minnesota, extending northwest from the St. Croix via St. Paul and St. Anthony to the Northwestern boundary of that embryo State, and also the branch road from the latter, via St Cloud and Crow Wing, to the navigable waters of Red River. We suppose the directors will be able to decide upon the location of the North Western division in four or five months at farthest, and whenever decided, we understand it will be put under contract with a view to its completion within one year after the other divisions are completed, which can be accomplished without difficulty, as the work of track laying can be prosecuted from both termini as well as in both directions from the Chippewa River.

The La Crosse and Milwaukee Rail Road Company will, when their several divisions are completed, have one entire road, with the North-Western branch terminating on the St. Croix River, and there connecting with the Northwestern Minnesota Rail Road already referred to, which traverses the route surveyed by Governor Stevens for the Northern Pacific Rail Road, as far as the Sioux Wood river, a distance of about 180 miles, and also with the branch to the Red River of the North which will extend an additional distance of about 230 miles, giving a total of Railroad in Minnesota connecting with the North Western branch of more than 400 miles.

The western branch terminates at La Crosse on the Mississippi River. An independent company has been incorporated to construct a Rail Road from a point opposite Winona, to intersect the La C. & M. R. R, in the valley of the La Crosse river. Whenever that shall be constructed the Western Branch will practically have two termini on the Mississippi River, one at La Crosse, the other opposite Winona, each of which will be in the line of the most direct connection, with another Land Grant Road in the Southern part of Minnesota, extending from Winona via St. Peters to the Big Sioux River (the western boundary of Minnesota) with a branch from La Crescent (opposite La Crosse) up the valley of Root River. These two roads, when they leave the Mississippi, are about 30 miles apart and gradually converge until they connect at some point not more than 80 miles from La Crosse, from thence they form a common line to the western boundary of the State, a further distance of about 175 miles, following the most direct route to intersect in about lat. 45°, in the valley of the Sweet Water, the route surveyed by Fremont and Stansbury for a Pacific Railroad, by way of the South Pass. Thus making a Railroad connection in Minnesota with the Western Division of about 330 miles in length.

This system of roads, embracing 535 miles in Wisconsin and over 700 miles in Minnesota, altogether over 1250 miles of Railroad, may be expected to be completed in a very short time, and when completed will bring an amount of business to our city, which few, if any, can appreciate. An area of not not less than 30,000 square miles in Wisconsin, and more than 70,000 square miles in Minnesota, will be directly tributary to this system of roads, equal to two of the larger States of the Union; and if the settlement of this large extent of Territory during the next ten years shall increase at the same rate as the last ten years, it will contain a population of nearly 2,000,000. And with the projected Railroads constructed, there is every reason to suppose that the ratio of increase in the future settlement of Northern Wisconsin and Minnesota will be greater than any corresponding period in its past history.

It is fortunate for the stockholders of the La Crosse & Milwaukee Rail Road Co., and for all who feel an interest in the prosecution to an early and successful completion of its present and extensive system of Rail Roads, that the enterprise is in charge of so able, devoted and efficient a Board of Directors. Mr. Kilbourn, the President of the Company, is conceded by all who know him, to possess signal administrative talent. His early foresight planned this great work; his energy and perseverance had given to it, before the passage of the land grant, an impregnable position, and had surrounded it with the confidence of all and the kind feeling of the great mass, so that under his administration it had fairly entitled itself to the bestowal of the land grant, the acquisition of which will enable the Company, at a much earlier period, to complete these roads, without any serious draft upon the means of the people of the country; and when completed they will prove a source of great profit to their stockholders, of incalculable benefit to the State and the immense region west and northwest of it, stretching far away to the base of the Rocky Mountains.

News from the Straits.

The Chicago *Press* has a letter from Saginaw on the 31st ult. The ex-postmaster from Mackinaw had arrived at Saginaw on the 30th, having started on the 21st. He reported the ice solid in the Straits, but no snow on it. He thought the ice would be *out of the Straits by the 10th of April.* There was no ice from Presque Isle to Bois Blanc. He came from Sauble to Saginaw in a boat; saw a few fields of ice, but did not pass through any.

THE UPPER MISSISSIPPI,—The Galena *Advertiser* of Monday last, 6th inst., says that the Upper Mississippi, is only open, as yet, about 40 miles above LaCrosse to the mouth of Black River. It will be some week, or fortnight before Lake Pepin is free from ice, and navigation open to St. Paul.

A SIGN FOR ALL LOCALITIES.—The voting for Lieutenant-Governor in Rhode Island last week showed the significant fact, that within the past year the Know Nothing strength in that State had diminished 42 per cent., while the Republican had increased 307 per cent!

Judge Randall and the Bar.

The following communication in the *News* of yesterday, from Judge HUBBELL, relative to certain proceedings in the Circuit Court last week, properly rebukes the *News* for its splenetic and uncalled for remarks in its Tuesday's issue:

To the Editor of the News:

I observe in your paper of yesterday, an article relating to myself, which was evidently founded upon a mistake of the facts, and contains some remarks, which I think you will consider uncalled for. In the first place, the reporter for the *Sentinel*, from whose article you quoted, was in error, in stating that I spoke *for the Bar*, on behalf *of the Bar*, in the remarks of which you complain. The facts are these. (Judge Randall,) had intimated that he was sitting for the last time and should adjourn the term that afternoon. Several Counsel were pressing cases on the attention of the Court, which there was evidently not time enough to dispose of. Mr. Downer and myself were engaged in a case, (of Cady & Farwell *ad.* Murphy,) which had been argued, in part, at a previous period of the term. We wished to conclude the argument, both to prevent the necessity of going over the argument again, and because Judge McArthur had been the attorney of Murphy, and when he should come upon the bench it would be necessary to send the case to some other Circuit, to be disposed of.

Under these circumstances, I suggested to the Judge and the members of the Bar, a large number of whom were present, that possibly an arrangement might be made, by which the then Judge should *hold over*, to the end of the term, (1st of January next,) either by the omission to elect a Judge to fill the vacancy, or by his omitting to qualify. And I remarked, that if this could be effected amicably and to the satisfaction of both of the parties concerned, it would enable Judge Randall to close up the cases he had heard in part, and also give Judge McArthur some little time to arrange his private business, before entering upon the arduous duties of the Bench, and that certainly it would be a relief to those concerned in the cases spoken of. And I remarked that I made the suggestion to the Bar and Bench together, because it was a matter in which the Bar ought to take some step, if anything was done.

Judge Randall immediately remarked that he should prefer leaving the Bench, at once, and wished to be relieved immediately after the Elections should take place. Thus the matter ended. I had spoken to no member of the Bar, on the subject, and I spoke *for* no member of the Bar. And the reporter for the *Sentinel* was simply in error, in stating that I made a proposition "in behalf of the Bar;" though I impute to him no intention to state the matter incorrectly. My remarks were simply for the purpose expressed, and with the utmost respect, both for the Judge presiding, and for the gentleman who was to be his successor; and I humbly conceive that there was nothing in them calling for public note or comment; and much less for the strictures in which you have indulged, evidently under a misapprehension of the facts. LEVI HUBBELL.

It is due to our Reporter to say, that he gave the substance of Judge HUBBELL's remarks precisely as he understood them, and as others besides himself understood them. Very like, however, Judge HUBBELL, in using the expression attributed to him by our Reporter, did not assume to speak *for* the whole Bar, but only as a member of that fraternity.

ST. LOUIS FOR "FREE SOIL, FREE LABOR AND FREE SPEECH."—The St. Louis *Democrat* of the 6th inst, election day, thus boldly, in its morning issue, challenged a fair trial of strength between the Free State and the Pro-Slavery parties:

Let this election be a trial of strength between the emancipationists and the slavery extensionists. We follow them to their own ground, and fearlessly confide our cause to the good men of St. Louis. This is our response to the threats, the calumnies and the falsehoods of the opposition, and to the treachery or imbecility of those who are prostituting a great name. Let the result of the election on Monday be accepted here and elsewhere as the triumph or defeat of the cause we battle for and uphold.

Should our party be defeated, then the waters will have closed over the great stronghold of freedom on the slave soil. The institution overspreads all wide empire, nipping all enterprise in the bud, exterminating the small proprietors, forbidding free labor to take root, and smiting with its petrified mace the immortal mind itself, until the fetters of the slave have become the smallest of the evils which makes its lair beneath it; but in Missouri it has never consolidated its despotism, and St. Louis is now challenged to bow her neck to its yoke or pronounce her declaration of independence. We cannot doubt that she will declare for free labor and free speech.

And so ST. LOUIS *did* declare, by nearly *two thousand* majority. How gloriously her vote contrasts with that of the Sham Democracy and Northern Doughfaces in these parts.

KNOW NOTHINGISM.—H. H. Montgomery, the regular Know Nothing candidate for Supervisor in the Fifth Ward, received but eighty-four votes at the election on Tuesday, while J. H. Bross, the Republican candidate, received three hundred and sixty-one votes. Sam is now a goner in Chicago.—*Chicago Tribune.*

Same here. Sam and Sham have joined hands; the last relic of Know Nothingism, the *American*, having finally abandoned the Republican and joined the Democratic party.

THE SHIPPING OF MAINE.—The State of Maine owns a fleet of merchant vessels valued at fifty millions of dollars; and yet this is but a fraction of the vast commercial marine of our country.

INDIAN ATROCITIES IN IOWA.—A letter received here from a responsible source, dated Fort Dodge, Iowa, March 23, says that a settlement of twenty families, at the head waters of the Des Moines river, had been attacked by Indians, and it was supposed that all were murdered. Only two houses were visited by the persons bringing the intelligence, in which fourteen dead bodies were found; some had been shot and others inhumanly clubbed to death. It is presumed that the whole nuber of persons composing the settlement were killed, or that they are now in captivity. A meeting of citizens was called on the 22d ult., and a company of fifty to one hundred men had organized to march to take vengeance on the Indians and rescue any persons that might be found with them.—*Chicago Tribune.*

Chicago Market.

CHICAGO, April 8.

An improved feeling in wheat was apparent last evening, which does not give way under the depressing news from Europe. Two car loads sold last evening at 85c in store, and 1,000 bus on 'Change to-day at the same rate. Buyers still outnumbering sellers. The fact that some parties have hitherto contracted for wheat at $1,00 on board at the opening occasions some anxiety to buy with the hope of reducing the average loss. Others have sold short" and prefer to take the chance of present rates in providing for the fulfillment of their engagements. The be lief held by many of our dealers that freights will rule low operates as an additional stimulus. These causes render the market somewhat callous to depressing news, but news of an opposite character would operate instantaneously and with full force.

Corn is buoyant, 15,000 bus were sold on 'Change, deliverable within the first ten days of May at 46c payable on delivery. Another sale of a cargo was made at the same figure. Several car loads changed hands at 44c.—A lot of 1,200 bus went into distillery to supply an immediate demand, at 45c, which is above the market.

Rye is scarce and firm. A small lot was sold yesterday at 80c in depot.

Barley is in diminished request for seed as the season draws to a close. A sale of eastern was made yesterday at $2,00 and of Wisconsin at $1,75.

THE ONLY MEDAL AWARDED

BY THE NEW YORK EXHIBITION to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, for their

Worcestershire Sauce,

Whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman who writes to LEA & PERRINS thus:—"I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveller's baggage so essential to his comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms:—"Tell Lea & Perrins that their sauce is highly approved in India, and that it is in my opinion the most palatable as well as the most wholesome sauce made."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created, has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

A NEW WATCH HOUSE.—The Watch House, or Police Station on Wisconsin Street begins to be complained of, as being unwholesome, badly ventilated, and inconvenient for the purpose for which it was first obtained, and we understand an effort will be made to obtain a new one, somewhere as near to the present one as possible, before the Council, at an early day. The present one, with the increased business and number of commitments, will be unhealthy during the coming summer, unless it is kept remarkably clean, but with that precaution, we know of no reason why it is not sufficient for another year.

Sundry bills, memorials, accounts and petitions were presented and referred to the appropriate committees.

FARMERS' INSURANCE COMPANY.—We publish to-day the advertisement of the Farmers' Insurance Co., of Meridian, Cayuga Co., N. Y. This Company, it will be seen, offers several inducements which, supposing it to be established on as safe grounds as other companies of well known standing, will be attractive to insurers; as its paying damages by lightning, its allowing of changes and alterations about houses insured; its retaining moneys in the State with which to pay losses, &c. The agent, Mr. HASTINGS, has exhibited to us the originals of the certificates from the N. Y. Comptroller's office, the Secretary of State, and from his Company, copies of which appear in the advertisement. His personal references are some of the best in the State, and he brings letters from reliable gentlemen in New York, who have known him long. We see no reason why his Company is not entitled to its share of business, and the agent himself seems to be made of that persevering character which compels success.

FARMER'S INSURANCE CO.,

Of Meridian, Cayuga County, New York.
Capital, $202,000—Securely Invested.
Surplus $17,667 92.

THIS COMPANY was organized under the General Insurance Law of New York, in 1852, and has been doing a successful business in that State.

It is what it professes to be, a "Farmers' Insurance Company," taking no risks except isolated dwellings, confining its operations to residences standing alone, with the usual outbuildings, and the personal property therein.

To enable the Company to do business in Wisconsin, they have appointed GEORGE F. HASTINGS, of Juneau, Dodge Co., Wis., their General Agent, or Attorney, as well to take Insurances as to represent the Company in legal proceedings, either to sue or be sued, and have complied with the laws of Wisconsin, relating to Insurance Companies of other States, as appears by the following official communications:

State of New York, Comptroller's Office,
Albany, Nov. 1st, 1856.

SIR:—The Farmers' Insurance Company of Meridian, Cayuga Co., New York, have fully complied with the requirements of the laws of this State regulating Insurance Companies, and have annually made reports to this Office in due form, from which it would appear that the Company is in the care of faithful officers. To C. L. SKEELS, Insurance Clerk.

G. F. HASTINGS, Esq., Juneau, Dodge Co., Wis.

State of Wisconsin, Secretary's Office, ss.

Satisfactory evidence having been furnished to me that the Farmers' Insurance Company of Meridian, N. Y., being an Insurance Company incorporated by the State of New York, is possessed of the actual capital required by the seventh Section of an act entitled "An act to provide for the incorporation of Insurance Companies," approved February 9th, 1850.

Now therefore, in pursuance of the act aforesaid, I, John W. Hunt, Assistant Secretary of State, of the State of Wisconsin, do hereby certify that George F. Hastings, if he be duly authorized by said Company, may take risks, receive premiums and transact the business of an Insurance Agent for said Company in this State from this date until the thirty-first day of January next.

In witness whereof, I have hereunto set my hand and affixed the seal of the State at the Capitol in Madison, this first day of March, 1857.

[L S.] JOHN W. HUNT,
Assistant Secretary of State.

OFFICE OF THE FARMERS' INS CO.,

[L. S.] In testimony whereof, I have hereunto set my hand, and affixed the Seal of the Company, this 16th day of March, 1857.

ABEL WEST, Sec'y.

This Company has paid all its losses promptly, is free from debt, with a surplus on hand.

☞ All money collected for risks in Wisconsin will be deposited in good solvent banks, within the State, subject only to the order of the Company to pay losses within the State. ☜

This Company will pay losses caused by lightning, whether the buildings are burned, or otherwise damaged.

Additional stoves may be set up, or moved from one room to another, without giving notice to the Company—also such repairs as do not increase the hazard of the property, shall not effect the Insurance.

No applications taken for a longer term than three years, nor more than $3,000 taken in any one risk.

INVITATION.

ACCORDING to a petition from a Society of Gardeners to the Common Council of the city of Milwaukee, the said Common Council has passed a resolution appointing as a place for the sale of Fresh Vegetables, Poultry, Eggs, Butter, &c., the west side of Market street, between Division and Knapp streets, in the First Ward, Said Market to commence on the 18th of April, 1857, and afterwards to be held every Wednesday and Saturday of each week, commencing on the morning of said days. The members of said Gardeners' Society have bound themselves to visit the said market with their produce, and they hereby invite other Gardeners and Farmers of Milwaukee and the adjacent country to support this useful undertaking by uniting with them, and hope that as many as possible will make it their interest to attend the market days.

To the Public.

In opening a market for garden and table produce, we offer great inducements to housekeepers, in having an opportunity to select from a great variety of the best kinds of Vegetables and Produce of the season. We wish therefore that the ladies especially, as well as the public in general, will bear in mind that they can select from this market everything of the best quality, and at reduced prices, by visiting the market on the days above mentioned. Ladies wishing boquets of flowers, plants, &c., can always feel sure of obtaining them on the regular market days, and at cheap rates.

Albany, Michigan Street.

NOTWITHSTANDING the great tightness of money at the present time, we sold yesterday morning, at our Auction, property to the amount of $16,000. The good feeling manifested by purchasers and the satisfaction so openly expressed at the manner of conducting our sales, have fully satisfied us of the propriety of continuing them on the same plan. Every lot was started at its limit, and every bid was bona fide.

We now announce our second sale for the 22d day of April next, at 10 o'clock in the morning.

We have already a good selection of lots to be offered at that time, and invite parties desirous of selling to hand in a list of their property a week previous to the day of sale. The limit put on lots should be at a low figure as bidding is always more active when the starting point promises a fair margin to the purchaser.

ANNOUNCEMENT.

IN consequence of ill-health, I have felt it my duty under the advice of my physician, to give up business entirely. I have sold out my stock of Books, Stationery, &c., to Henry Kempshall, who has been with me during the past year, and for the four previous years with Messrs. D. Appleton & Co., of New York.

It is with no ordinary regret that I relinquish a pleasant and successful business, and close the connections which have existed between myself and my customers.

In Mr. Kempshall, I am assured that my old friends and patrons will find a thorough business man, who will treat them courteously, deal honorably, keep a good stock, and sell at reasonable prices.

N. B. All accounts for or against me will be settled by him. ARCHIBALD WILSON.

Milwaukee, March 30, 1857.

Having purchased the stock of Mr. Archibald Wilson, and his interest in the bookselling business in this city, I propose to continue the same at the old stand, and shall endeavor, by keeping at all times a full and desirable assortment, and by careful attention to business, to merit patronage from both old and new customers.

CHICAGO, April 10

This county, republican ticket generally successful.

Nothing definite from Iowa. Dubuque dem., except one ward republican. Davenport City democratic, County republican.

The Illinois Central and Rock Island R. R. connection at La Salle is completed.

LATER FROM EUROPE.

ARRIVAL OF THE NIAGARA!

HALIFAX, April 9.

The steamship Niagara arrived here at 4:30 this P. M. She passed the Persia on the 28th near Liverpool. Passed the Emeu off Cape Clear.—Passed America April 2d.

The City of Washington sailed the 25th.

England continued in election ferments. Few members yet returned, but appearances favor Palmerston.

Board of trade returns for February show large per centage over last year's imports; shows a decrease of cotton and breadstuffs, but increase on provisions. The bullion in Bank slightly increased.

FRANCE.—Little done in the Paris Conference of the 24th. Meetings being merely for the purpose of receiving the Prussian proposals.—Another meeting on the 25th was held, receive propositions of Switzerland, which differ materially from Prussian. An amicable settlement is confidently anticipated.

It is reported that England has ceded to France Longwood House and Napoleon's Tomb, at St. Helena.

SPAIN.—Government contemplates laying a submarine telegraph between Cuba and the U. S. The first division of the fleet to invade Mexico were to leave about the 28th of March for Havana.

GERMANY.—The German Powers decline the intervention of other European powers in the quarrel between Denmark and the confederation, on the ground that the question is purely federal. Russia is said to be favorable to Denmark in the dispute.

AUSTRIA—The government in recalling its representatives from Turin, addressed a circular despatch, setting forth its reasons to its agents at the European Courts, stating that the Vienna Cabinet is dissatisfied at Count Cavour's replies to the complaints against the Piedmont press and the tolerance with which Sardinia treats their attacks; also sees new offence in the language used by Sardinia, on occasion of debates relative to the fortification at Alexandria. The despatch says that Austria had become convinced that Piedmont seeks to head an insurrectionary movement in Italy, which, if successful, would be the destruction of the Austrian dominion in Italy.

The particulars of the English difficulty with Japan have arrived. The English commander, after forcing entrance into Nangusaki, had a correspondence with the Emperor, who finally gave orders to open Simodai and Nangusaki, to vessels of France, England, Russia and the United States.

CHINA—A telegraph from Calcutta to Bombay states that the Emperor of China disproved of the proceedings of the Governor of Canton, and had given orders to conciliate the English; also that a battle was fought at Bushire, between the Bombay and Persian cavalry, resulting in the total route of the latter, with the loss of 800 killed; British loss 70 killed and wounded.

Commercial Intelligence.

LIVERPOOL, March 28.

BREADSTUFFS MARKET.—Messrs. Richardson Spence & Co. and others report breadstuffs generally dull; small arrivals wheat 2d lower on the week; closing steady at 7s3da8s for red, 8s3da 8s9d for white. Flour very dull at a decline of 1s from quotations by the *Asia*, western canal selling at 27sa27s6d; Ohio 28sa30s; Canadian 28sa31s6d. Corn quiet and dull at a decline of 3da1s per quarter, mixed quoted 30s6d, yellow 31sa31s6d, white 31s.

Weather continued very favorable for agricultural purposes.

Richardson, Spence & Co. report a firm market for beef; quotations for new were nominal, the article being scarce and wanted—old was altogether in dealers hands.

Pork quiet at 90sa92s 6d.

Bacon steady at a decline of 6d; long ribbed 54sa59s 8d; Cumberland 52s 6da54 6d.

Lard heavy at 72s, buyers to arrive at 70s.

LONDON MONEY MARKET.—Market had again become rather more stringent, but without essential change in rates. Consols for money closed at 93¼a93½.

THREE P. M. REPORT.

LOUISVILLE, April 8.

The Christian Church in this city, was destroyed by fire to-day. It was the finest but one in the city.

BOSTON, April 9.

The second trial of James McGee, for killing Mr. Walker, Deputy Warden of the State Prison, which commenced on Tuesday, came to a close at 12 o'clock. The jury after a two hours absence, brought in a verdict of guilty.

WASHINGTON, April 8.

I learn to-day from good authority that the present Administration does not entirely agree with the preceding one in their views respecting the proposed change in Naval Warfare, in relation to the abolition of the right to capture merchant ships by public armed vessels, as well as by privateers, as laid down in Secretary Marcy's letter upon privateering. It is supposed that our Government will insist upon the abolition of blockades.

I learn also that letters have been written to our ministers already, to suspend further action on this matter, until they receive further instructions.

Advices received here from Europe by a late steamer, state that it is the intention of the British Government to take possession of the Island of Formosa, off the coast of China.

Orders have been issued to-day by the Navy Department, for the steamers Minnesota and Mississipi, and the Sloop of War Germantown, to be immediately prepared for the West Indies. The officers have not yet been designated. The Sloop of War Cumberland will be the flag ship to the African Squadron.

Gen. Scott's head quarters continue to be in New York. He has rooms here and will visit the city occasionally. He is now in the city.

NEW YORK, April 9.

Advices from Rio Janeiro to Feb. 15 report, the weather as very warm. Yellow fever rather prevalent amongst the shipping. The deaths average ten a day.

Opening of the Illinois Canal.

LOCKPORT, Ill., April 8.

To J. H. KENZIE:—The canal will be ready from Chicago to Joliet on Monday next, the 12th inst. We hope to open through to La Salle by the 28th or 30th.

JOHN B. PRESTON, Gen'l Sup't.

Destructive Fire—Loss $100,000.

WILLIAMS COLLEGE, April 8, 1857.

Last night (Thursday, the 2d,) near 11 P. M., fire was discovered in the Factory at Blackinton, two and a half miles west of North Adams. It commenced in the Picking room, extending to the Stone Factory and the Dye House; these were all destroyed. The loss is probably one hundred thousand dollars or more. It is insured for about ninety thousand dollars. Three fire engines from North Adams rendered efficient aid, and preserved the new wooden factory and the store and houses in dangerous proximity to the fire.

By this calamity more than one hundred persons are deprived of employment, and upon them the greatest personal suffering will come. The damage will soon be repaired, and at an early period, the work will go on as usual.

ON THURSDAY, APRIL 2, 1857. We take pleasure in informing our many friends and numerous customers, throughout the city and State, that our new store will be completed and open for business on Thursday next, with a most complete and perfect stock, selected expressly for this establishment.

The completeness of our many arrangements in the *New Store*, will remedy the great defect, for the want of room, that we have heretofore labored under, to comply with the many wants of our increasing trade; and we shall spare no pains to merit a continuance of the confidence and support so long bestowed upon our house.

This being our fourteenth anniversary since we commenced business in Milwaukee, we cannot refrain from tendering to our numerous friends and the public, our most grateful acknowledgements for their generous support. apr2e450d2w J. N. BONESTEEL.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. PIERCE & Co. had failed—that no more R. W. PIERCE's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

WOULD SUGGEST to the trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. E. & J. HOLMES'
IMPROVED
SEAMLESS WHALEBONE
SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

BOERHAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE.

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on their strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowedged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

THE GRAEFENBERG MANUAL OF HEALTH

For sale wholesale and retail, by P. C. HALE, Wisconsin Street.

Every Man his own Miller.
PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.

THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Beside the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 6 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.
